SOFT SKILLS

- Teamwork
- Time Management
- Leadership
- Effective Communication
- Critical Thinking

TECH SKILLS

- Python (Intermediate)
- Java (Intermediate)
- C++ (Intermediate)
- Data Structures Using C++
- SQL
- Web Development

LANGUAGES

- English (Fluent)
- Hindi (Fluent)
- Bengali (Fluent)
- Odia (Basic)

PROFILE

Dedicated student with a strong interest in programming and technology. Skilled in C++ and web development with experience building academic projects. Eager to learn, grow, and gain real-world experience in a professional environment.

EDUCATION

Bachelor of Computer Science — 2024-2028
National Institute of Science and Technology

PROJECTS

Pokémon Mini Game (Console-Based) | C++

Developed a console-based mini game inspired by Pokémon using object-oriented programming concepts.

- Implemented game logic, player actions, and battle mechanics in C++
- Designed menu-driven interface for user interaction
- Applied conditional statements, loops, and functions for game flow control
- Focused on structured programming and problem-solving

Result: Strengthened understanding of C++ fundamentals, logic building, and object-oriented programming.

Career Guidance Webpage | HTML, CSS, JavaScript

Developed an informative career guidance webpage to help students explore different career options across academic streams.

- Designed structured sections for PCM, Commerce, Arts, and Medical career paths
- Organized clear role descriptions and step-by-step learning roadmaps
- Implemented responsive design for accessibility across devices
- Focused on clean layout, easy navigation, and user-friendly interface

Result: Improved frontend development skills, content structuring, and user-centered design approach.
